

Science Labs

Human Biology

Introduction:

- Lab 1: Introduction to Science
- Lab 2: Basic Biochemistry
- Lab 3: Cellular Anatomy and Physiology

Cellular Biology:

- Lab 4: Metabolism
- Lab 5: Cellular Reproduction
- Lab 6: Human Molecular Genetics
- Lab 7: Population Genetics and Evolution

Human Systems:

- Lab 8: Anatomical Orientation
- Lab 9: Developmental Biology
- Lab 10: The Sensory and Nervous System
- Lab 11: The Musculoskeletal System
- Lab 12: The Cardiovascular System
- Lab 13: The Excretory System

Health and Disease:

- Lab 14: Nutrition
- Lab 15: Immunology
- Lab 16: Aging and Disease
